

# Bolt Security Seals

## B-Fix Lite (Barrier Seals)

B-Fix Lite is classified as high security barrier seals as per compliant to ISO 17712. The locking mechanism is embedded in a groove in the metal bush, making the seals stronger and more difficult to tamper, the barrel is made of high quality ABS Material to withstand impact and reveal evidence of tampering. The barrel & pin are embossed with High Security "H".

### Material

- Barrier : ABS Material
- Bolt : Free Cutting Steel

### Properties

- Average Breaking Strength : > 1,000 kgf

### Application

- Shipping Containers
- Railway Containers
- Trucks
- High Value Storage

### Key Features

- 8mm bolt diameter with head diameter of 19mm
- Suitable for temperatures ranging from -40'C to 110'C
- Barrel & Bolt are joint for easy storage and handling
- Requires bolt cutter for removal
- Marking of serial numbers lasered on the barrel for enhance security
- Bolt keeper sleeve for easy storage and handling
- Available in 70mm Bolt Length
